

Amendments to the Specification:

Please amend the specification as follows:

Please replace paragraph number [0033] with the following rewritten paragraph:

[0033] The base portion 61 is L-shaped ~~J-shaped~~ in cross section such that it overlaps the outer sides of the projecting portion 42 at the end of the projecting portion 42 and extends around to the end surface of the projecting portion 42. The reinforcing member 60 and the projecting portion 42 are positioned with respect to each other by bringing the base portion 61 in contact with the end surface of the projecting portion 42. The projecting portion 42 is fixed to the reinforcing member 60 by inserting the projecting portion 42 between the base portion 61 and the attachment tabs 64 and inserting rivets 65 through the rivet holes 44 and 65a.
